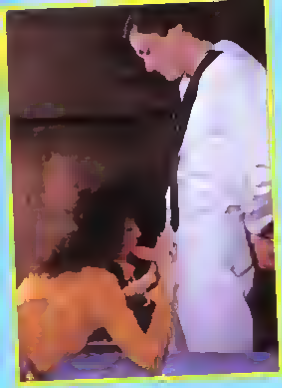
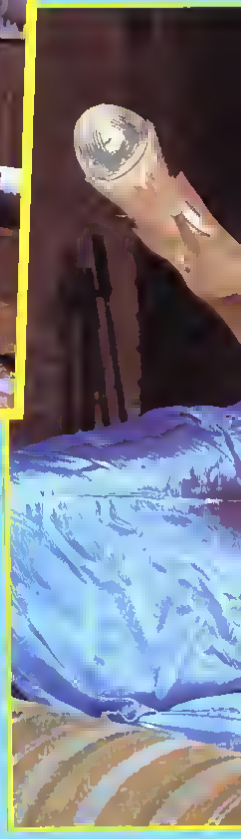
Blow the Man Down

I've always bean a sucker for sailor boys. They are, without excaption, tha hottest fucks to ba had for lova or money. Tha reason for this is pretty obvious. Whan you meet tham, thay usually havan't had a piece of ass for months. This was the case with Johnny, tha saxiast swab I ever picked up in a bus terminal. Ha was so horny that he broka out in a cold sweat just while we were talking about going back to my place. I know I was certainly aager to taste his salty spray.



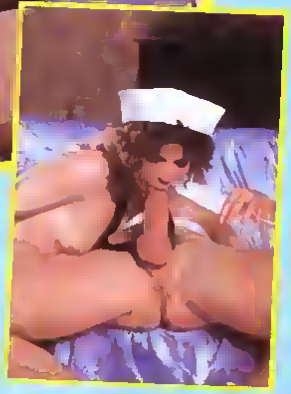
Johnny had e reelly big pud, the kind that's e treet es well es e challenge, the kind you can never get ell the wey down your throat, no matter how herd you try. (I tried, believe me, I tried!) But it sure did feel terrific filling up every cubic inch of space in my hot little cunt. It seemed es though there wes e yerd of his stiff, slippery meet to stuff into my snetch, but you can fucking bet thet I got every pulsing millimeter of powerful manflesh into my hungry pussy.

Starved for kinks as well as regular sex, Johnny made no objection at all when I brought out my midget vibrator and used it on my tits. He couldn't take his eyes off my boobs as he fucked me, observing with appreciation how the buzz toy stiffened out my nipples as I rubbed it across those rosy peaks. He began to drive into my cunt hard and fast, pounding and pumping it in and litemlly flogging my twat to a cream.

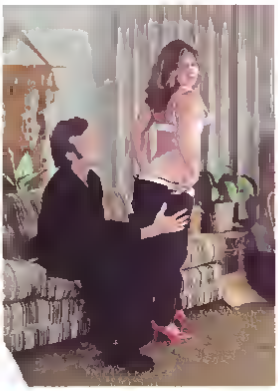


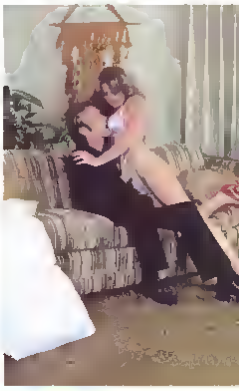
I love it when he streddled me end shoved that monster dong between my lips. Swallowing as much of it es I could without choking et thet engle, I blew his throbbing knob for ell i was worth. I sucked Johnny's cock long end hard, becoming totally wrepped up in the massive perfection of his meat.

Johnny wented me to mesturbete with the diido while i geve him head. "Shove it up your cunt end suck me," he said, es though the thought reelly turned him on. Eagerly obeying him, i soon experienced the equelly exciting sensations of having my mouth fuil of his meet end my pussy cremmed with the stimulating vibrator. "Telk to me beby," he coaxed me. "Tell me how it feels." i had to let his dick slip out of my mouth to respond. "Fuck me, Johnny," i begged him. "I'm dying for your cock!"

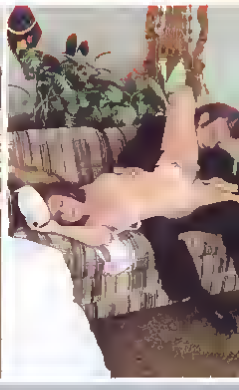


I didn't count how many times I came that day. I only know that when Johnny was ready to spout, I was ready for him to. A cock of his proportions is not to be taken lightly. After it plows you for two or three hours you know that you've really been fucked. And when I was through blowing his big, handsome tool, Johnny knew he had really been sucked!

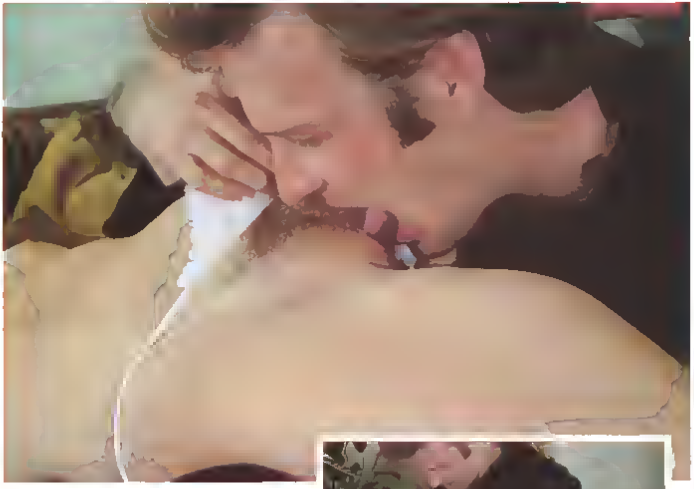


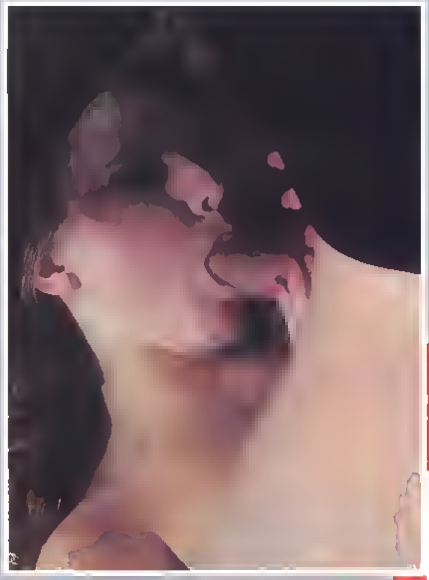


I hadn't seen Ben in over three months. When he asked me whether I'd been faithful, I answered truthfully. Not caring for my reply, Ben turned me over his knee. He held me fast and spanked me as I wriggled on his lap. Then he flipped me over and began to probe my cunt. The paddling had turned me on and I was very wet. I squirmed with excitement as Ben fingerfucked my pussy. I couldn't wait to feel the prick I'd missed so much in it.

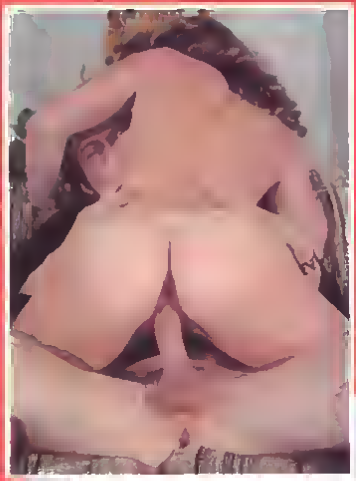


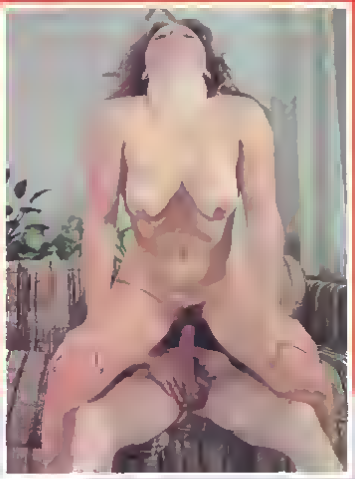
Semen, First Class

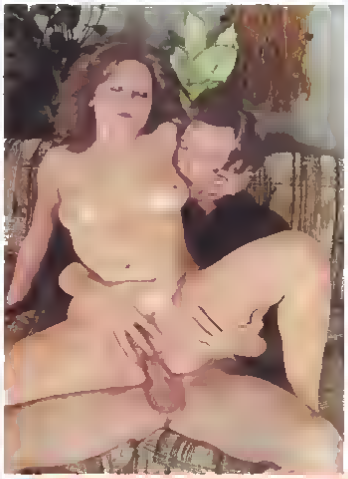


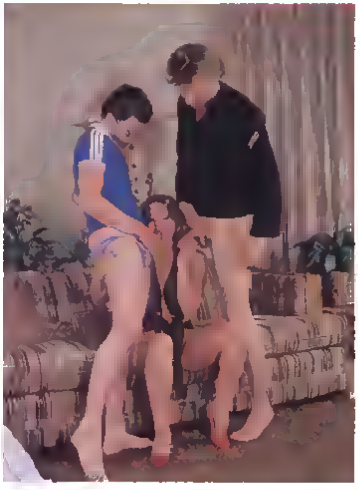


Ben attacked my pussy ravenously, inhaling great gulps of its scent as he sucked at it. He'd been stationed in the Orient all this time and was starving for down-home snatch. His cock thickened and lengthened as it slid down my throat. I worked every inch of it over orally. Before too long, my clit began to swell and throb madly. I knew if he continued, I would cum into his mouth. Sensing my approaching climax, he pulled out all the stops and really did a job on my wet pussy with his tongue.

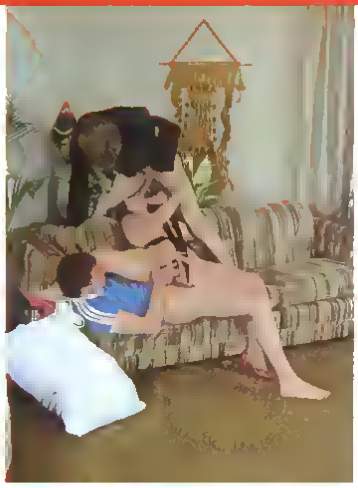


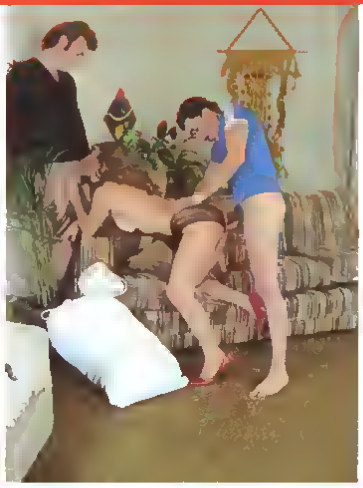


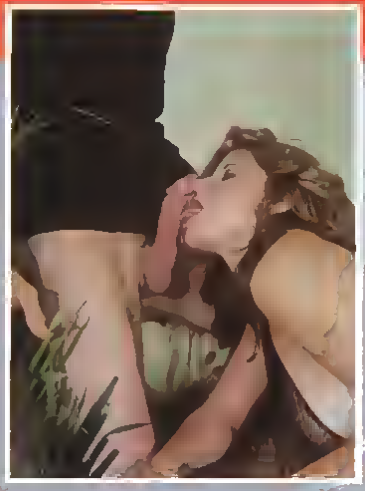


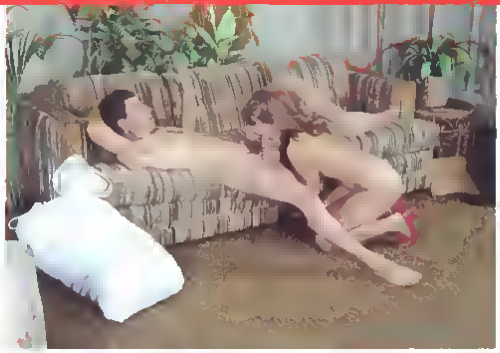


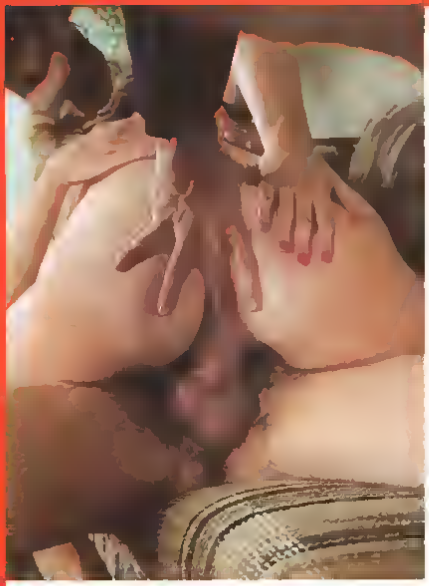
Ben became incredibly mellow after I sucked him off. He began to ask me all about the guy I'd been cheating on him with. Then he actually suggested I invite him over for a three-way. The idea of serving two hard cocks at once was very appealing to me.



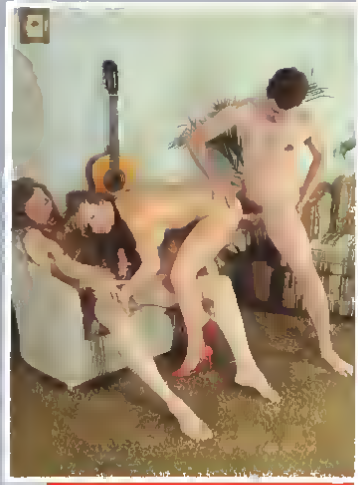


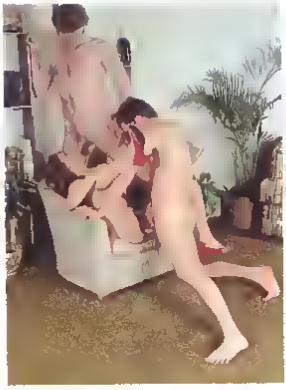


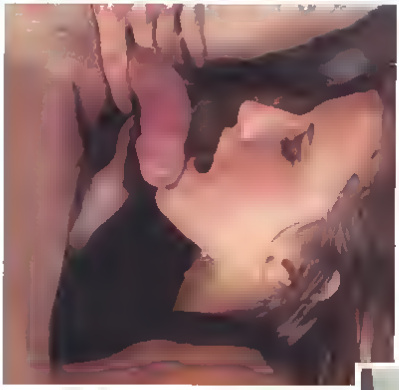




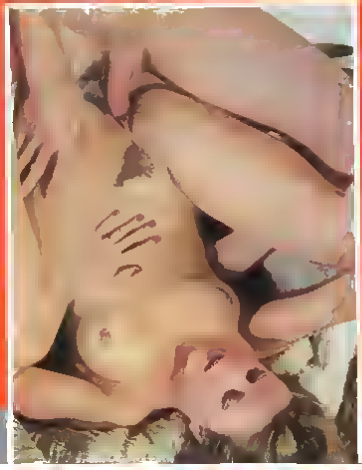
It was pure ecstasy to feel both my tight holes stuffed with meat at once. John's dick was like a wiggly snake oozing in and out of my sopping wet cunt. It was the perfect compliment to the huge prick Ben was cramming into my asshole. Ben's cock felt so divine reaming my butthole. It was like I was being rammed up the ass with my own destiny- eternal submission to dick. I loved it.

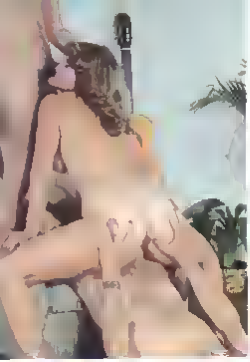


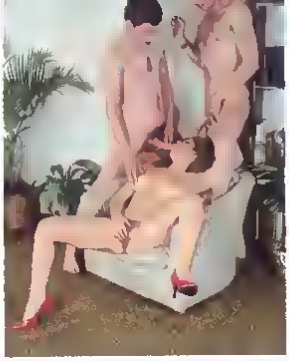


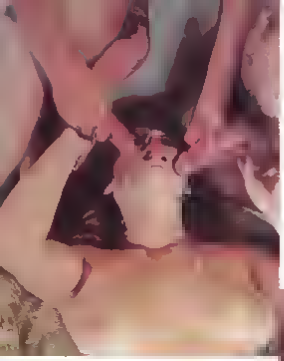


The way I was writhing and whimpering, I think I scared the guys. I was cumming hard and repeatedly. I just couldn't seem to stop. They probably thought they were fucking me to death, because all at once both of them pulled out of me and shot off their loads. It felt wild getting creamed on by two studs at once. Especially with all my holes still tingling from their dicks.









Boy, did I ever suck cock, get fucked and cum that day! I swear it was the hottest, juiciest date I ever had. Between their dicks, hands and lips, the dildo and all that hot jizz, I felt like I was having one prolonged wet dream. But I knew it was real when I tasted the two boiling cum wads that flooded my mouth. I lapped up the liquid tribute with a real cocksucking thirst. I knew they would be pleased to see me swallow every drop. My clit went off one final time, excited by their scalding loads.
